            a. Finalize changes by the end of October.
            b. Form 1-A is used if units are asking for funding; units not requesting additional SSF funds will fill out form 1-B.
            c. The committee will need to review questions to see if they need to be edited. For instance, question #11 (1-B) was too vague and units asked for more funding than what SFAC could recommend.
            d. The committee will review previous surveys and be prepared to discuss the surveys at a future meeting.
               i. Karen will put the 2012-13 budget surveys in 2014-15 SFAC drop box file for units that were funded.
               ii. The committee will need to determine what goals the committee wants to accomplish with the survey.
               iii. The request needs to provide clarity for units receiving budget survey requests; include why the committee is asking for this information. The committee can provide a guide for completing the information.
               iv. The guide should give the background of where the funding comes from, how much funding is available, etc.
               v. John, Sonali, Reza and Myron will draft guidelines for completing the submissions.
2. Timeline for distribution and submission:
   a. Distribute templates by November 7.

3. Unit request review and recommendations:
   a. The committee will look at revising the review process to compress/streamline timeframe for reviewing proposals. Units who do not ask for funding still need to be reviewed; maybe these submissions can be reviewed after proposals for incremental funding are reviewed.
