         1. The budget requests highlighted in orange on the summary table were not part of the prioritized Student Affairs requests. Student Affairs worked in collaboration with department heads and student leadership to prioritize the Student Affairs’ requests included in the Student Affairs’ cover memo from Interim Vice Chancellor Edgar Dormitorio.
         2. Request #25 “One-year subscription” is an annual subscription and will be considered permanent funding.
         3. Auzzsa expressed concerns that Student Affairs receives a majority of funding without consideration to Academic Affairs.
         4. Karen and Gabrielle explained that this funding cannot support purely academic advising and that some student fee funds are already provided to the schools for co-curricular activities.
         5. Request #1: Taariq asked if the UCDC housing stipend is need-based or merit-based and if there is a minimum GPA requirement to apply for the housing stipend (not to apply for UCDC); Karen will follow up with OVPTL.
6. Request #1: Auzzsa verified a 3.0 GPA for fall, winter, spring and 2.75 GPA summer, is required for UCDC applicants, although students with lower GPA’s can still inquire.

7. Auzzsa requested that committee members review the requests and rank them on a relative scale of 1-25 for discussion at the next SFAC meeting.
