1. Meeting called to order.
2. Minutes from 3/1/19 meeting were approved.
3. Connor will act as proxy for Amy Shine. Michelle Chen is on graduate filing status and has resigned from the committee; the committee will need a replacement for the AGS VP Finance seat on the committee.
4. Review committee priorities.
 - a. Discussion:
 - i. Since Provost's office does not provide grouping options, SFAC has flexibility to decide groups included.
 - ii. Dashay recommended students with disabilities should be included under prioritized student groups.
 - iii. The committee agreed the priorities as stated with the addition of including students with disabilities.
5. Reassess Patterns and Categories
 - a. Discussion:
 - i. Current categories include: 1) Health & Wellness; 2) Career & Professional Development; 3) Campus Climate; 4) Student Life; 5) Academic Engagement.
 - ii. Sanjanaa recommended that the Student Life category be removed due to overlap seen with other categories; the other categories could also be seen as sub-categories of overall student life.
 - iii. Student Life will be kept until a later date if it is decided that there doesn't need to be a separate category for student life.
 - iv. Taariq and Auzzsa to discuss and draft a rubric and form to help the subcommittees justify their rankings of the proposals.
 - v. Karen will upload the budget proposals to Dropbox. There are a total of nine requests from four units. Committee members should review the requests over the next week with an eye for how to categorize each request. The committee will categorize the requests at the next SFAC meeting.
 - vi. Karen noted that the Career Pathways request for Peer Advisor funding and Student Affairs request for support for a program director for Latinx have been moved from the SFAC budget recommendation process to be part of either the campus budget process and/or other, larger campus discussions regarding funding for individual resource centers.

6. 2019 Winter quarter stipends

- a. Taariq asked student members to let they/them/their know if they haven't received their winter quarter stipends yet. Karen will follow up with DFA HR to ask them to find out what the status is of the student stipends and when students can expect their checks.

7. Meeting adjourned.
