Notes:

- ¹ A dissertation filing fee equal to 1/2 of the quarterly Student Services Fee is assessed to graduate academic students filing dissertations in lieu of the Student Services Fee.
- ² Prior to 2011-12, return-to-aid on Registration/Student Services Fees was calculated based on Registration/Student Services Fee levels, but was provided to USAP in Educational Fee funds. FY22 UG USAP budget includes under enrollment adjustments and reduction to SSF UG USAP base budget allocation per UCOP final allocation table.
- ³ "Estimated # of Students Subject to Fee" does not include medical interns/residents and students qualifying for exemptions/waivers; OIR projected enrollments include estimated withdrawals, but do not include status changes and other refunds/adjustments. 2022-23 estimates based on 2022 fall term enrollments and with an estimated drop off for 2023 winter/spring terms using 2022 winter/spring melt rates as a proxy for 2023. Note, per OIR, there were 55 UC undergraduate transfer students included in OIR's "new student" counts. For purposes of calculating SSF revenue and RTA, the UC transfer students are included with the pre-fall 2022 undergraduate cohort.
- ⁴ Projected revenue includes OIR's adjustment for estimated withdrawals, but does not include waivers, enrollment status change refunds and estimates for other refunds/adjustments.
- ⁵ Projected 2022-23 return-to-aid is based on RTA policy on incremental fee increases as follows: 33% for undergraduate cohorts entering prior to fall 2022; 45% for the undergraduate cohort entering in fall 2022; 40% for graduate professionals and 50% for graduate academics. The 2022-23 projected undergraduate SSF RTA = \$2,289,000 USAP budget from UCOP 11/04/22 undergraduate aid detailed allocation table. Projected graduate USAP budgets based on 2022 fall enrollments per OIR, adjusted for estimated 2022-23 melt, x USAP \$ per student. Actual RTA will be based

Pursuant to Section IV of the University's [Student Services Fee Guidelines](#), campuses are asked to develop and post online annual Student Services Fee reports. The purpose of this document is to give campuses an opportunity to lend context to these annual reports. Please submit responses to the questions below, in addition to your annual report, to UCOP by December 7, 2022.

Report Preparer: Karen Mizumoto

1. Describe how 2021-22 Student Services Fee (SSF) revenue was used on the campus. To what extent did SSF revenue uses diverge from original plans in the wake of the COVID-19 pandemic? If SSF revenue diverged from original plans, please explain.

SSF revenue supports co-curricular student services, programming and activities to UCI undergraduates and graduates at a campus-wide level and by individual student affairs units housed within each academic unit. Examples of student services and programming include counseling services and student mental health, campus assault and resources and education, basic needs, student health services, veterans services, equity and diversity support centers (e.g., Women's Hub, LGBT Resource Center, Center for Black Cultures, Resources and Research, Latinx Hub, etc.), intercollegiate athletics, campus recreation, student government, career services, peer advising, etc.

Most of the SSF-funded units at UCI did not repurpose the use of SSF funds in the wake of the COVID-19 pandemic and utilized their funding as they normally would because the majority of the funds support staff FTE and other permanent ongoing operating needs. However, there were two units that did repurpose their SSF funds as result of the pandemic. These included: 1) Career Pathways who used salary savings from open positions that were not filled during the pandemic to fund unfunded salary equity increases and technology to make their career services available to students; and 2) The Latinx Resource Center used mental health equity funds to fund a student assistant position normally funded by SSF funds and repurposed the funds for a Dream Project Fellow stipend.

2. Describe the consultation process of your campus with your local Student Fee Advisory Committee. Did your campus consultation process change in Spring 2022 as a result of the COVID-19 pandemic? If yes, to what extent?

The SFAC receives a copy of the annual Student Services Fee report every year and the report is included in a resource notebook provided to every SFAC member. In addition, campus posts the SSF report on the SFAC website. Furthermore, the committee makes an annual call to each SSF-funded unit and asks for an annual operating report that includes a questionnaire regarding the co-curricular student services the unit provides to students, information on student demographics, how past allocations of SSF funds are being utilized and financial information on the use of their total budgeted SSF funds from the previous fiscal year. The units also receive a separate call for proposals for incremental SSF funds for the upcoming fiscal year.

The consultation process for the SFAC review for spring 2022 did not change because of COVID-19.
